

## **State Officers and Secretaries All,**

The meeting agenda that you have asked for will be presented at 10 am in Plaza E on Sept 26th. You have requested that a demonstration of CLMS of a "how to" with a live hook up being projected overhead for all to see. I have completed the coordination of this program with the help of Mike Porter, Sec of Effingham, and Jack Williams, our Web Site Chair. I have chosen a few of you to e-mail this message to, but not all Sec's e-mails are listed in the State Directory so if you know of someone that I have missed I urge you to contact them and inform them of the meeting agenda.

I also request that you have your pertinent questions ready and please limit to one per person due to time constraints. If your question is not covered, then stay after the meeting and we will try to answer it then without the projection.

I'm also requesting, with all due respects and because of the importance of the program and time restraints, that State Officers hold their comments or information to be addressed to the Secretaries until 10:50 when the program is scheduled to end and I'm thanking you in advance for your cooperation.

Please feel free to contact me with any comments or questions that you may have.

*Raymond J. Baril* 😊
