

Illinois Elks Association Drug Awareness Program

Press
Release

DEA has just released an updated version of *Speaking Out Against Drug Legalization*

DEA has just released an updated version of *Speaking Out Against Drug Legalization*, an informative guide that contains the facts and myths about drug legalization. In 64 fully documented pages, DEA provides useful knowledge about the harm marijuana and other drugs cause; the progress made in the fight against drug trafficking; why dangerous drugs are regulated and scheduled; and how drug use is connected to crime and violence. To read *Speaking Out against Drug Legalization*, click [here](http://www.justice.gov/dea/demand/speakout/index.html).

Last Call for Enrique Camarena Award Nominations

[Where is your Enrique S. Camarena Award nomination?](#)

It's easy to do; it's fantastic publicity and it lets your community know that you take a stand. It's also a great way to recognize and support law Enforcement. Lodges should of made their selection of a nominee in October and forwarded the application on to me.

Please work with your local Law Enforcement Agencies and nominate an officer for this award. I would like to see one from every Lodge or at least one from every District.

[All Enrique Camarena Award Nominations must be to me by December 1, 2010.](#)
